F. V. HAYDEN, M. D., Professor of Mineralogy and Geology.
HENRY HARTSHORNE, M. D., Professor of Hygiene.
JOHN J. REESE, M. D., Professor of Medical Jurisprudence, including Toxicology.

The branches of Natural History forming the subjects of the three Professorships first named will be taught mainly in reference to their medical relations.

All students who have matriculated in the Medical Department, and have taken the tickets of two of the Medical Faculty, shall have the right of admission to the lectures. Attendance upon these lectures is not compulsory upon the students in the Medical Department.

The several courses will consist of at least thirty-four lectures, to be delivered, at hours fixed by the Faculty, three times a week during the months of April, May, and June, commencing on the first Monday in April, and ending on the last Saturday in June.

A Diploma from the University will be granted to those medical graduates, who, after attendance on a course of the lectures, shall undergo a satisfactory examination by the Faculty.

Summer Instruction.

A Course of Lectures on Operative Surgery and Anatomy will be delivered during the Spring and Summer Seasons, beginning March 1st, by

Abstract of the Regulations

OF THE

DEPARTMENT OF ARTS.

THE college year is divided into three terms; the first beginning on the 8th of September, and ending on the 24th of December; the second beginning on the 2d of January, and ending on the 31st of March; and the third beginning on the 9th of April, and ending on the 3d of July (Commencement day). The vacations are eight days at the close of the first term, seven days at the close of the second term, and about nine weeks at the close of the third term.

The students pursue either the full course, for the degree of Bachelor of Arts, or that portion of the course for which the degree of Bachelor of Science is given, or any such portion of the course as the Faculty may sanction, for which a certificate of proficiency may be given at the close of each session.

The students of the full course are distributed into four classes, viz: the Senior, the Junior, the Sophomore, and the Freshman Classes.

To be admitted into the Freshman Class, a student must be at least fourteen years of age, and qualified for examination on the following subjects and authors:—

Cæsar (First three Books of the Gallic War). Virgil (First six Books of the Æneid). Cicero (Four Orations against Catiline). Horace (First Book of the Odes). Xenophon (Four Books of the Anabasis). Homer (First three Books of the Iliad).

Quantity and scanning in each language.

Greek and Latin Exercises.

Ancient and Modern Geography.

English Grammar.

Arithmetic. Elementary Rules of Algebra, including Simple Equations. It is desirable that such students as design to pursue the scientific course, should also have studied the first four Books of Legendre's Geometry.

No student is admitted to advanced standing without being as fully instructed as the class, to which admission is asked, in all the studies which the class has pursued.

Course of Instruction for the Degree of Bachelor of Arts.

FRESHMAN CLASS.

Xenophon (Hellenics). Herodotus. Euripides (Alcestis). Arnold's Greek Prose Composition.

Livy (Selections). Horace (Selections from Satires).

Weber's Outlines of Universal History. Compositions. Declamations from Coppée's Academic Speaker.

Algebra, continued (Alsop's). Geometry (Legendre, first four books).

Natural Theology (Lectures).

SOPHOMORE CLASS.

Thucydides (Sicilian Expedition). Sophocles (Oedipus Tyrannus).

Selections from Tacitus. Cicero (De Senectute or De Officiis). Horace (Odes). Rhetoric (Coppée). Logic (Coppée). Clark's English Language. Declamations

and Compositions.

Geometry (continued—Legendre). Plane and Spherical Trigonometry (Legendre), with applications to Surveying, Navigation, &c.

Elements of Mechanics and Chemistry (Lectures).

JUNIOR CLASS.

Intellectual Philosophy (Hamilton). Moral Philosophy (Whewell).

General Doctrine of Equilibrium and Motion; Equilibrium and Motion of Solids and Fluids; Machinery; Heat; Steam-engine; Sound (Professor's printed Notes). Chemistry (Experimental Lectures).

Theocritus. Demosthenes (Public Orations). Plato.

Selections from Juvenal. Cicero (De Finibus or Tusculan Disputations or De Amicitia). Horace (Epistles).

Lectures on Modern History. Declamations and Compositions.

Analytical Geometry, including Conic Sections (Church). Elements of Differential Calculus (Church). Analytical Mechanics.

SENIOR CLASS.

Moral Philosophy. Evidences of Christianity (Butler's Analogy). Political Economy (Carey). International Law (Lectures). Constitution of the United States (Lectures).

Light (Lectures). Astronomy (Lectures and Gummere). Electricity and Magnetism (Lectures). Physical Geography (Lectures).

Integral Calculus (Church).

Xenophon (Memorabilia). Euripides.

Horace (Art of Poetry). Selections from former authors.

Shaw's Outlines of English Literature. Declamations of Original Pieces. Compositions. Lectures on English Literature and History.

Course of Instruction for the Degree of Bachelor of Science.

THE degree of BACHELOR OF SCIENCE is given to such students as have attended all the courses in the Department of Mathematics, and in that of Natural Philosophy and Chemistry, and one course in Natural Theology and the Evidences of Christianity, with two courses in Modern Languages, or two courses in Intellectual and Moral Philosophy, or two courses in Physiology and Natural History.

The Professors in the Faculty of Arts, by arrangement among themselves, deliver to the students not less than three lectures, on separate days in each week, at such hours not devoted to the ordinary instruction and recitations of their several professorships, as they deem most fit, on subjects connected with their several professorships.

On each day of the week, except Saturday, there are three recitations of one hour each for every class.

The character of each recitation is recorded, and the results communicated to parents or guardians at the end of each term.

At the close of the first and second terms, a private examination, in the way of review, is held by each Professor; and at the close of the third term, a public examination upon the studies of the whole year is held by the Faculty. After each of these examinations, students who attain distinction are classed in order of merit.

The fees for instruction in the full course of the Department of Arts are \$35 per term, payable in advance. Scientific and other students, who recite with one or more classes, are charged for each branch one-third of the fee charged to regular undergraduates. In the Department of Modern Languages, the fee of each Professor is \$10.

Two Literary Societies, consisting of students and alumni of the Institution, are sanctioned by the Board of Trustees, and meet in the University, being under the general control and supervision of the Faculty.

Students not from the City of Philadelphia, will, if it be requested by their parents, have one of the Faculty appointed as a guardian, who will take charge of the disbursements, and attend to the comfort and well-doing, of the individual.

The degree of Master of Arts may be conferred on the alumni of the University, bachelors in the arts of three years' standing, who apply for it. Such students as have received the degree of Bachelor of Science (of three years' standing) are entitled to the degree of Master of Science, on presenting to the Faculty a Thesis, which shall give satisfactory evidence that the author has continued to devote himself with success to science.

A public Commencement for conferring degrees, is held on the 3d of July, unless that day fall on Saturday or Sunday, when the Commencement is held on the Friday before.

A stated annual appropriation is made by the Board of Trustees, to enable the Faculty to offer *Prizes* for superiority in the performance of voluntary exercises, over and above the ordinary Course. The subjects are proposed by the several Professors early in the year; the award is made by the Faculty, and reported to the Board, before the month of June; and the names of those who have received Prizes are published at the annual Commencement.

In addition to the above, there is also a prize, called the "Henry Reed Prize," founded by the Alumni of the University in memory of the late Prof. Henry Reed, to be annually awarded for the best English composition by a member of the Senior Class, entitling the successful candidate to one year's interest on a certificate of loan issued by the City of Philadelphia, in the sum of \$600, and also to an accompanying Diploma of Merit. The Essays must be handed in to the Provost, for transmission to the Board of Trustees, by the first day of April.

The Society of the Alumni have also founded a prize to be annually awarded to that member of the graduating class who shall present the best Latin composition, entitling the successful candidate to one year's interest on Certificates of Loan, issued by the City of Philadelphia, in the sum of \$900.

The Committee on the Department of Arts may admit, for gratuitous instruction in this Department, such pupils, not exceeding ten at any one time, as shall, after application to the Provost, have been examined and approved by the Faculty, and reported by the Provost as worthy of admission.

Regulations

OF THE

MEDICAL DEPARTMENT OF THE UNIVERSITY OF PENNSYLVANIA.

THE Medical Department is under the immediate government of the Medical Professors, who constitute the Faculty of Medicine, subject to the Rules and Statutes of the Board of Trustees. The Faculty consists of

A Professor of the Theory and Practice of Medicine and Clinical Medicine,

A Professor of ANATOMY,

A Professor of MATERIA MEDICA AND PHARMACY,

A Professor of CHEMISTRY,

A Professor of SURGERY,

A Professor of Obstetrics, and the Diseases of Women and Children, and

A Professor of the Institutes of Medicine.

The Medical Faculty hold meetings for the purpose of arranging and conducting the business of the department, and for the preservation of order and decorum among the medical students.

One of the members acts as Dean, whose duty it is to keep the Minutes of the Faculty, to arrange the examination of the candidates for graduation, to conduct the business of the Faculty at their meetings, and to attend to correspondence.

The Session for the Medical Lectures begins early in October,

and ends early in March ensuing.

The Commencement for conferring the Degree of Doctor of Medicine, is held by a special mandamus of the Board of Trustees, during the month of March.

The following are the Rules in force in relation to the Degree of Doctor of Medicine:—

I. The candidate must have attained the age of twenty-one years, have applied himself to the study of Medicine for three years, and

been, during that time, the private pupil for two years, at least, of a respectable practitioner of Medicine.

II. The candidate must also have attended two complete courses of the following Lectures in this Institution:—

Theory and Practice of Medicine,

Anatomy,

Materia Medica and Pharmacy,

Chemistry,

Surgery,

Obstetrics, and the Diseases of Women and Children,

Institutes of Medicine.

III. Medical students who have attended one complete course in a respectable Medical School, where the attendance on two complete courses is necessary to a degree, where the same branches are taught as in this, and which is placed upon the ad eundem of this school, are permitted to become candidates by an attendance here for one full course; the rules of graduation being in other respects observed. They are also exempted from the payment of fees upon attending a second term.

IV. When a candidate applies to the Dean for admission, he must exhibit his tickets to prove that the above rules have been complied with.

V. The candidate, at the time of his application, must deliver to the Dean of the Medical Faculty, a Thesis, composed by himself, on some medical subject. This Thesis is referred to one of the Professors, who shall examine the candidate upon it, and make his report thereon to the Medical Faculty.

VI. When a candidate is rejected, his essay will be retained by the Medical Faculty.

VII. The essay must be in the candidate's own handwriting, and must be written uniformly on letter-paper of the same size, the alternate pages being left blank.*

VIII. Bad spelling in a Thesis, or evidences of a want of literary culture, will preclude a candidate from examination for a degree.

IX. A Thesis may be published by the candidate if he desire it,

^{*} The essay should be written upon Thesis paper. This is for the purpose of convenient binding together into volumes. It is recommended to the candidate to prepare his thesis before the commencement of the second course of lectures.

the permission of the Professor by whom he was examined thereon being first obtained; but no alteration shall be made in such thesis without the consent of the said Professor.

X. The voting on the case of each candidate is by ballot. Candidates who have not been successful upon a first examination, will be permitted to have a second, when all the classes have been disposed of by the Faculty. The second examination will be conducted in full meeting of the Professors.

XI. The candidate shall pay the fees of graduation at the time of his examination, or before receiving notice of his success; his name may then be entered on the Register of passed candidates, for the purpose of being reported to the Board of Trustees and included in the mandamus for a Degree.

XII Candidates who have passed their examination, and in other respects complied with the regulations, are to be reported by the Dean to the Provost, who will communicate such report to the Board of Trustees, in order that, if approved of by them, their mandamus be issued for conferring the Degree.

XIII. The Degree will not be conferred upon a candidate who absents himself from the Public Commencement, except by special permission of the Medical Faculty.

XIV. Graduates of Medical Schools, on the ad eundem list, by attending one complete course in this Institution, and complying with the above regulations, are put upon the same footing with students who have attended two complete courses here; that is, they may present themselves as candidates for graduation: also, if they attend a second time, the tickets will be free. Such graduates, if of five years' standing, are permitted to attend the course of Lectures, upon a general ticket of admission, free of expense, except the cost of the matriculating ticket. But this general ticket does not qualify for graduation.

DISSECTIONS.

The Dissecting Rooms under the superintendence of the Professor of Anatomy and the Demonstrator, are open throughout the year, except in July and August.

OPERATIVE SURGERY.

The Room for Operative Surgery and the Application of Bandages, &c., is open during the Session under the supervision of the Professor of Surgery.

CLINICAL INSTRUCTION.

IN THE UNIVERSITY.

As a means of illustrating and forcibly impressing the lessons of the Lecture-Room, CLINICAL INSTRUCTION IN MEDICINE AND SURGERY is conducted by the Professors in the University Hall, four times a week throughout the session, and no effort will be wanting to render this course interesting and of practical value to the students of the school.

For the accommodation of such patients as require it, the Faculty have provided two Surgical Wards, and proper attendance within the college building; so that capital operations, as lithotomy, amputation, &c., are dressed and prescribed for before the class.

The Dispensary of the University, which is open throughout the year, affords an opportunity to the class of examining patients, and those who avail themselves of it will find it a valuable addition to their means of clinical instruction.

HOSPITALS.

Clinical Instruction free throughout the year is given in the Pennsylvania Hospital, and in the Philadelphia Hospital (Almshouse). The latter institution contains 900 beds. Clinical instruction is also given at the Episcopal Hospital, the Children's Hospital, the City Lying-in Hospital, Howard Hospital, and Wills' Hospital for diseases of the eyes and limbs.

Among the other Hospitals and Dispensaries of the City, accessible to the Student, the following may be named: Charity and Lying in Hospital, Christ Church Hospital, St. Francis' Hospital, St. Joseph's Hospital, German Hospital, Jewish Hospital, Women's Hospital, Philadelphia Dispensary, Southern Dispensary, and Northern Dispensary.

Regulations, etc.

OF THE

LAW DEPARTMENT OF THE UNIVERSITY OF PENNSYLVANIA.

It is the design of this Department to aid in preparing gentlement for admission to the Bar, and, also, to offer to those who have not the Bar in view an opportunity of acquiring knowledge in any one or all of the branches of legal learning. The Conveyancer and the Merchant may attend, with profit, the particular lectures appropriate to their respective pursuits.

By late Rules of the District Court and Court of Common Pleas of the County of Philadelphia, the time occupied in this Department is considered, with respect to admission to the Bar, as equivalent to a like term of regular clerkship in the office and under the direction of a practising Attorney. It is believed that admission to the Bar in Philadelphia will entitle to admission in any part of Pennsylvania, and in many other States of the Union.

Gentlemen can study in their own rooms, or in a room at the University provided for that purpose.

The Professors do not presume to embrace in their course the peculiar laws and rules of procedure of all parts of the Union. Their design is so to discipline and prepare the mind by instruction in the principles of jurisprudence and their application in Pennsylvania, that other local codes can be acquired with facility and advantage. The foundations of the laws of most of the States are the same.

Students may matriculate at any stage of their professional preparation.

Students are not examined for matriculation, nor is it possible to require, peremptorily, a college degree, or any previous line of study. This must be left to circumstances, to the views of the student, and to the influences which control him.

Instruction is conveyed by lectures, and by books and portions of books upon the subjects of the lectures, which are recommended by the Professors. The students are frequently and carefully examined. Moot courts are held, at which questions are argued. And the Law Academy of Philadelphia, an institution of long standing, to which not only students, but many practising lawyers belong, gives opportunity for debate and argument which has been found of the greatest practical advantage. Exercises in writing legal essays and opinions form part of the course.

There are two terms each year. The first term begins on the first of October, the second on the first of February. Each term continues four months. From the first day of June to the first of October is vacation. The course is so arranged that a student entering at the commencement of any October term will complete his term of study in two academical years.

Students who have attended four consecutive terms with each Professor, may, upon the recommendation of the Faculty, proceed Bachelors of Law.

Students who have attended any one or two of the Professors only, may receive from each Professor certificates of proficiency.

The fee to each Professor is ten dollars for each term of four months. No matriculation fee is required.

In all cases where a student is a proper object for such indulgence, he will be allowed to attend the lectures without charge.

Those who have received the degree of Bachelor of Laws, may attend all future lectures free of charge.

Arrangement of the Course.

PROFESSOR SHARSWOOD

For the first term, beginning October 1, 1866, ending February 1, 1867, General Jurisprudence, International Law.

For the second term, beginning February 1, 1867, ending June 1, 1867, Sources of Municipal Law, Constitutional Law.

For the third term, beginning October 1, 1867, ending February 1, 1868, Law of Persons and Personal Property, Mercantile Law.

For the fourth term, beginning February 1, 1868, ending June 1, 1868, Mercantile Law, Law of Debtor and Creditor, Criminal Law, Conflict of Laws.

PROFESSOR MILLER

For the first term,
For the second term,
For the third term,
For the fourth term,

Real Estate. Conveyancing. Equity Jurisprudence. Equity Jurisprudence.

PROFESSOR MORRIS

For the first term, as above, For the second term, For the third term, For the fourth term, Practice and Pleading at Law.
Practice and Pleading at Law.
Evidence.
Practice and Pleading in Equity.

The course for the four terms, beginning October 1, 1868, ending June 1, 1870, will be, unless some change is announced, a repetition of the above. It will be perceived, therefore, that a student entering on the 1st of October of any year, and continuing four terms, will have a complete course, though the studies will not be presented in the same order to him as to those who have entered in the previous October.

Department of the Fine Arts.

PROFESSOR LAMBDIN.

THE course of instruction in this department comprises Drawing from the flat, from models, and from nature.

Linear and Aerial Perspective.

Figure Drawing from the flat, from plaster casts, and from nature.

Painting in Oil and Water Colors, from examples and from nature.

Exercises and explanatory class discourses on the Principles of Composition, Light and Shade, and Color, as well as on the various methods of Painting.

Lectures will be given also on the History and Principles of Art, illustrated by examples from works of the various schools and periods.

TERMS.

Pupils, not Students of the University, attending in class, \$10 per term.

Private pupils, attending at the Studio of the Professor, will be charged according to the frequency of the lessons.

Library, Museum, and Cabinets.

THE apartment in the University occupied by the Board of Trustees, and the apartment adjoining it to the westward, are appropriated for the reception and arrangement of the Library, and as a Reading Room.

The Library is open for not less than two hours daily (Sundays excepted), for the use of the Students, Professors, Trustees, and Alumni of the University, and all persons connected with instruction in the several departments.

The Library is under the care and in charge of the Professor of Belles Lettres and the English Language and Literature, subject to such rules and regulations as the Committee on the Library may adopt.

Permission may be granted, from time to time, to take books for a limited period, from the Library, and to admit to its use other persons than those connected with the University, subject to such rules and regulations as the Committee on the Library may adopt.

Connected with the Medical Department is the Wistar and Horner Museum. Tickets of matriculation in that Department entitle those holding them to admission to the Museum. The Museum is open on Wednesdays and Saturdays of each week, throughout the session.

The private Cabinets of the several Professors in the Medical Department are likewise open to the students, at convenient hours.

Graduates.

At a Public Commencement, held Wednesday March 14, 1866, at the American Academy of Music, the degree of Doctor of Medicine was conferred by Rev. Daniel R. Goodwin, D. D., Provost, upon the following gentlemen: after which an Address was delivered by Henry H. Smith, M. D., Professor of Surgery.
