**Guide to the
Biological Clubs Records
1888-1901**

UPS 45.2

0.25 Cubic feet

Prepared by J.M. Duffin

June 2012

Access is granted in accordance with the Protocols for the University Archives and Records Center.

PROVENANCE

Transferred from the University Libraries in 1974 (Accession 1974:14).

ARRANGEMENT

The records are organized into four single-item series: Journal Club of the Biological Department, Biological Club, Zoological Club of the University Pennsylvania, Hstory.

SCOPE AND CONTENT

The Biological Clubs Records documents the activities of two short-lived clubs related to the study of biology shortly after the department was formed at the University of Pennsylvania. The minute books record the decisions and programs undertaken by the clubs and the membership volume contains the names (men and women) and place of residence of the members. In addition to this there is a copy of the constitution of the Zoological Club of the University of Pennsylvania. The

recollections of Dr. J.P. Morris provide some history and context of these clubs in their related fields.
